# Woman's True Friend

Experimenting with new and untried medicines is foolish, and often dangerous. It would take a medicine more than forty years, to prove itself so universally good as Dr. Pierce's Favorite Prescription. During all that time it has been woman's favorite medicine-a restorative tonic, uplifting and invigorating the nervous and discouraged and giving them the final touch of perfect health.

Women use Dr. Pierce's Favorite Prescription In preference to all other advocated medicines for it contains no alcohol or habit-forming drugs-is not anything like advertised, secret, or patent medicines-does not claim to be able to do impossible things.

THE ONE REMEDY for women devised by a regularly graduated physician of vast experience in woman's ailments, and adapted to her delicate organism.

THE ONE REMEDY good enough that its makers are not afraid to print its every ingredient on its outside wrapper.

You can't afford to allow yourself to be overpersuaded into accepting any secret nostrum as a substitute for this honest square-deal non-secret medicine. Don't do it. No honest druggist will attempt to cheat you in this way. He who does should be rebuked and avoided. Doctors prescribe Dr. Pierce's Favorite Prescription for their worst cases because they know what it contains and know its ingredients to be of the very best.

It's well now and then to gently cleanse out bowel germs that breed weakness, cause foul breath, loss of appetite, dizziness and headache. Dr. Pierce's Pleasant Pellets keep bowels sweet and clean. Recommended by druggists because of their purity, goodness, and active gentleness.

World's Dispensary Medical Association, R.V. Pierce, M. D., Pres., Buffalo, N. Y.
